ABSTRACT

The 1979 annual report of the State University of New York on comprehensive data on the age group and sex of students is presented. The major statistical tables array four student characteristics: age group, sex, level (undergraduate or graduate), and load (part-time or full-time). Part one contains summary data for the entire system and each institutional type within the system. For each of the headcount tables in this section there is a corresponding table providing percent distribution arrays of the headcount data. Part two contains headcount arrays of students by age group, sex, full-time and part-time enrollment, and undergraduate and graduate enrollment level for each institution. Part three contains summarized historical trend data on all students from fall 1974 through fall 1979. In addition, trend data for first-time undergraduate students has been included for full-time and part-time students and is displayed in headcount and percent arrays. Trends are provided for senior colleges, two-year colleges, agricultural and technical colleges, and community colleges, as well as for the whole system. A map locating the institutions of the state university is included. (SW)

INTRODUCTION

This is the sixth annual report published by the Central Staff Office of Institutional Research and Analytical Studies which provides comprehensive data on the age group and sex of students attending the State University.

The major tables included in this report array four fundamental student characteristics:

Age Group
Sex
Level (Undergraduate/Graduate)
Load (Part-time/Full-time)

The main body of this report is divided into three sections; these sections and their contents are organized as follows:

Part I (tables 1 through 22) - Part I contains summary data for the entire system and each institutional type within the system. For each of the headcount tables in this section there is a corresponding table providing percent distribution arrays of the headcount data.

Part II (tables 23 through 99) - Part II contains headcount arrays of students by age group, sex, full and part-time enrollment, and undergraduate and graduate enrollment level for each individual institution of the State University system.

Part III (tables 100-142) - Part III contains summarized historical trend data on all students from Fall 1974 through Fall 1979. In addition, trend data for first-time undergraduate students has been included for the first time here both for full-time and part-time students and is displayed in headcount and percent arrays. The tables are organized as follows:

- Tables 100 through 109: Trend data for total undergraduate and graduate students; tables are provided for Senior Colleges, Two-year Colleges, Agricultural and Technical Colleges and Community Colleges, as well as system-wide summaries.

- Tables 110 through 113: These tables provide trend data for full-time and part-time undergraduate and graduate students; tables are provided for Senior Colleges and system-wide summaries are also included.

- Tables 114 through 129: These tables display trend data from Fall 1975 through Fall 1979 for full-time and part-time undergraduate students only. Percentage tables are provided for each institutional type, with headcounts for Senior Colleges, Two-year Colleges, Agricultural and Technical Colleges, as well as Community Colleges; system-wide summaries are also furnished.

- Tables 130 through 141: Trend data tables display distribution of full-time and part-time graduate students for all relevant institutional types and system-wide summaries.

- Tables 142 through 148: These tables furnish data on first-time undergraduate students, both headcount and percent distributions.

Part IV of the report contains a map locating the institutions of the State University, and a list of this office's publications.

We would like to thank those individuals on the campuses who are responsible for providing this office with timely and accurate data. The collection of this data required their extensive cooperation and continued effort. Our gratitude is also extended to this office's statistical staff of Mr. Spoor and Mses.
